

# Drones

STATE  
TECH  
LINN, MO

## June 7-8, 2019 2<sup>nd</sup> Annual Continuing Education Event

Held at State Technical College of Missouri  
Linn, Missouri

**Register Online – [StateTechMo.Augusoft.net](http://StateTechMo.Augusoft.net)**

- **How are drones affecting your industry?**
- **Do you need to know how to join in?**

**For Whom?** This event is designed to be of interest to professionals in surveying, mapping, property assessment, construction and inspection, geology, engineering, mining and similar land-related areas where mapping or identifying what's on the ground is essential. Other areas of applicability: real estate, agriculture, public safety (security & law enforcement; fire & rescue), utilities (distribution and transmission), and aerial photography for a variety of applications.

**Topics?** Speakers will be from industry. Applications, how-to topics and state of the industry presentations will be featured. We hope to have representatives from the FAA, educational institutions, professional societies, and a variety of businesses involved in unmanned airborne systems, such as vendors of drones, vendors of drone equipment and supplies, businesses that hire licensed drone operators and businesses that hire drone businesses to take care of their aerial photography needs.

**Program** The two-day session begins with a half-day of general sessions and then a series of concurrent one-hour-long breakout sessions. On Saturday morning vendors and speakers will conduct flight demonstrations on the campus airport and answer questions.

**What's Included?** Continuing education units will be offered (approximately 16 50-minute hours). A light breakfast, lunch, morning and afternoon refreshment breaks are included in the registration fee for both days.

**Exhibitors** are encouraged. There will be three categories: commercial, non-profit and educational.

**Two-Day Conference**  
**Industry Registration Fee - \$135**  
**(\$155 after 5/17/19)**  
**Student Registration Fee - \$75**
